4.0 Academy Mission Statement:

Setting standards for success

5.0 Introduction

This academy is a member of the Delta Academies Trust (DAT). It will work closely with DAT personnel and other DAT academies to ensure this policy is fully implemented, using best practice and changes in legislation. DAT's policy on Equality has influenced the development of this policy. Pupils' aspirations will be significantly improved through a relentless focus on excellent teaching and learning, an insistence and expectation of high academic standards and access to a broad range and engaging range of rigorous GCSEs, and Applied Learning opportunities. This first-class provision will enable every pupil to make excellent progress and move easily on to education, training or employment.

The sponsor and the academy are wholly committed to provide every pupil, irrespective of their gender, background or cultural heritage with full access to a wide range of excellent educational opportunities, inspirational teaching and relevant courses, so that each pupil achieves to the best of their ability. This policy will help to ensure that equality of access and provision.

6.0 Aims

- 6.1 The academy is committed to ensuring racial equality for all its pupils, teachers, Education Advisory Board, parents/carers and visitors. The academy will provide a supportive environment where all individuals are treated with courtesy, dignity and respect, and that their contribution to the learning process is valued. The academy will strive towards creating conditions which reflect the values of a multicultural community within its ethos and also its day to day provision, where all individuals are treated solely on the basis of their merits, abilities and potential; regardless of ethnic or national origin.
- 6.2 The academy will promote the spiritual, moral, cultural, mental and physical development of all our pupils and prepare them for the opportunities, responsibilities and experiences of later life.
- 6.3 The academy will seek to build on the work of the predecessor school and work in ways which promote community cohesion. As migration and economic change alter the shape of our increasingly diverse local communities, it is more important than ever that this academy works collaboratively with other DAT academies and other schools to play a full part in promoting community cohesion, to ensure there is racial equality.
- 6.4 This policy has been written with regard to the Race Relations Act 1976 and the amendment, which came into force in 2000 and places a new general duty on all public authorities to promote race equality. This general duty includes schools and the aim is to make race equality central to the way schools work, how they carry out their work and to all areas of their work. In line with this, the academy will make every effort to:
- Eliminate unlawful racial discrimination
 - Promote equality of opportunity
 - Promote good relations between people of different racial and ethnic groups
- 6.5 The academy understands that the definition of institutional racism is 'the collective failure of an organisation to provide an appropriate and professional service to people because of their culture, colour or ethnic origin.' It can be seen in various processes such as attitudes and behaviour that amount to discrimination, through unwilling prejudice, ignorance, or thoughtless and racial stereotyping; all of which disadvantage minority groups.
- 6.6 The academy understands that a racist incident is 'any incident which is perceived to be racist by the victim or any other person'. Incidents could take the form of physical assault, verbal abuse, graffiti, slogans, damage to personal property, or lack of co-operation in a lesson on account of another pupil's ethnicity. Any incident of racial harassment is wholly unacceptable in this academy.

7.0 Academy Principles

The academy will:

- Encourage respect for the needs and feeling of others.
- Create a safe and supportive environment in which all pupils within the academy are encouraged to develop to their maximum potential.
- Enable every pupil to develop a sense of personal and cultural identity, with a confidence and openness to change that allows them to be receptive and respectful with regard to other people's identities.
- Enable every pupil to develop the knowledge, understanding and skills they require in order to participate within Britain's multi-cultural society and the wider world community.
- Be proactive in promoting racial equality, good race relations and tackling unlawful racial discrimination.
- Work in partnership with parents and the wider community to tackle racial discrimination and establish, promote and disseminate racial equality good practice.
- Use a range of materials that are representative and inclusive of all cultural backgrounds.
- Enable pupils to maintain links with their own culture, while at the same time appreciating cultural diversity.
- Challenge racial discrimination and stereotyping at every opportunity and pupils will be taught how to recognise bias.

8.0 Supporting the Academy's Principles

8.1 The academy will:

- Offer each pupil access to all benefits and facilities and, therefore, ensure there is no discrimination. (Race Relations Act 1976).
- Record all racist incidences. (MacPherson Report 1999).
- Report all racist incidents to the parents/carers of the pupils involved and the Education Advisory Board. (MacPherson Report 1999).
- Provide a curriculum, which promotes cultural diversity and prevents racism.
- Ensure that all literature reinforces the message that the academy will not tolerate any form of racist behaviour.
- Celebrate the diversity of our population, recognising and considering local and national issues and events.
- Implement effective procedures throughout the academy for dealing with harassment of pupils, staff and visitors.
- Ensure that procedures for disciplining pupils and for managing behaviour are fair and applied to pupils from all racial backgrounds.
- Recognise that cultural background can influence and affect behaviour, taking this into account when dealing with unacceptable behaviour.
- Monitor records, checking them for signs of discrimination and racist incidences.
- Ensure that all visitors will be made aware of and comply with the academy's race equality policy.

- 8.2 The Principal and the Local Governing Body will ensure that this policy and its procedures are compliant with race relations legislation, are implemented and that all staff are aware of their responsibilities. Staff will receive appropriate training and support in putting this policy into practice, enabling them to deal with racist incidents in accordance with academy procedures, and ensure disciplinary action is taken against staff or pupils who have been proved to have carried out racial discrimination.
- 8.3 The academy is committed to provide staff development and training in relation to race equality. This will consist of 'core' of training for all and additional training for key personnel. Local Governing Body members and other identified academy partners may also be required to attend training. Opportunities for partnership training arrangements with external agencies will be pursued. Training will enable staff to identify and accept responsibility for dealing with racist incidences and know how to identify and challenge racial bias and stereotyping.

9.0 Types of Discrimination

9.1 DAT's Equality policy identifies several types of discrimination, which could be clearly applied to racism:

- Direct discrimination – someone is treated less favourably than another person because of a protected characteristic
- Discrimination by Association – direct discrimination against someone because they associate with another person who possesses a protected characteristic
- Discrimination by Perception – direct discrimination against someone because others think they possess a particular protected characteristic
- Indirect Discrimination – resulting from a rule or policy that applies to everyone but disadvantages a particular protected characteristic
- Harassment – behaviour that is offensive to others even if not directly aimed at them
- Harassment by a Third Party – The academy are potentially liable for harassment of those in our organisation by people they don't employ
- Victimisation – Someone is treated badly made or supported a complaint under the Equality Act 2010

9.2 All of these are equally abhorrent to the sponsor and the academy, and every effort will be made to quickly and robustly respond to any reported examples.

10.0 Recording incidences of racism

10.1 The academy will record incidences of racism and will use this information to inform and develop its anti-racist policy. To ensure this takes place the academy will:

- Ensure all racist incidences are thoroughly investigated;
- Record incidences of racism in a central record held by the admin team
- Ensure the Local Governing Body monitors the pattern and frequency of racist incidents through an annual report, which will include dates. Each

department will review their practice in this field on an annual basis, as part of their department review;

- Report to the Local Governing Body on the number of incidents, prevailing trends and how the issues have been dealt with;
- Ensure that all pupils, parents/carers and staff are aware of the academy procedures for dealing with racist incidents;
- Monitor the progress of ethnic minority pupils when reviewing general achievement; and
- Deal with all racist incidents immediately, even if some aspects of the response are dealt with at a later stage. Failure to respond may be construed as racist behaviour.

11.0 Procedures and actions following a report of a racist incident

11.1 The academy will adhere to and include the following principles and actions, subsequent to a report of a racist incident:

- The perpetrator will be interviewed and the incident discussed in detail with an aim to establish a clear understanding of events; this in turn should educate and repair damage and to build towards a better understanding.
- The victim will be counselled with the aim of showing understanding and giving reassurance. The incident will be discussed in some detail in order to clarify events, to educate, to repair damage and to build towards a better understanding.
- Recognition that dealing with racist incidents is a learning experience for the victim and perpetrator.
- Victims of racism and racial harassment will be supported by the academy and where appropriate, we will seek the support of outside agencies.
- Intervention strategies should as far as possible, empower pupils who have suffered harassment.
- All racist incidents will be seen as serious bullying.
- Every effort will be taken so the pupil and parents/carers involved in a racist incident feel that it has been properly dealt with and that effective procedures are in place to enable any complaints to be heard fairly and appropriately.

11.2 The academy recognises that all subjects within the curriculum make a contribution to multi-cultural and anti-racist education and will strive to embed this philosophy in all areas of its delivery and academy life.

12.0 Monitoring and Review

- 12.1 This policy will be monitored by the **Vice Principal (Primary) and the Assistant Principal (Teaching & Learning)** to ensure its effectiveness through the academy's self-review processes.
- 12.2 Evidence will be sought to confirm that the policy is promoted effectively to all stakeholders, ensuring that staff, pupils and parents/carers understand and meet their responsibilities.
- 12.3 This policy statement will continue to be discussed with pupils, parents/carers and staff and Education Advisory Board.
- 12.4 The revision of the policy will be ongoing, ensuring the involvement and commitment of the whole academy community. The statement will be reviewed annually and a written report presented for Education Advisory Board's information.
