

**RTh/BS 19<sup>th</sup> September 2017**

Dear Parents / Carers

**Disabled Parking Spaces**

As you are aware, we have a number of disabled parking bays just outside our main entrance for the sole use of staff, parents, carers and visitors who have blue badges.

It is apparent that these spaces are being used by drivers without blue badges and this is leading to difficulties for some of our parents/carers and visitors.

Please can I ask for your consideration in using the main car park. There are plenty of car parking spaces none of which are too far away from the school building.

Cameras are in operation in the area and the situation is being monitored.

I look forward to your co-operation on this issue.

Kind regards

Mrs R Thompson  
Principal
